

The endangered one.

We're talking about the ranger standing behind the Rhino, While the world rallies to protect Africa's iconic wildlife, game rangers risk their lives every day. Rangers stand as a final line of defense against poaching, facing dangers from both nature and human threats alike.

About Run For Rangers

Run for Rangers is a Premium Adventure event that raises funds for Game Rangers in South Africa. It was born out of a deep admiration for the courage and sacrifice of Africa's wildlife protectors. Founded by **Harry Bailey**, who was inspired by the fearless rangers on the frontlines of the fight against poaching, the event started with Harry's personal journey in 2022 **at the age of 18**, when he **took on a grueling 100km run** over two days.

What began as a personal challenge has evolved into a powerful event that immerses participants in Africa's rugged wilderness while fostering meaningful connections with the rangers who risk their lives daily to safeguard endangered species. Run for Rangers is a testament to the **incredible impact today's youth can have when they are driven by passion and purpose**. This event proves that young people, when motivated by a meaningful cause, can achieve remarkable things and make a lasting difference.

Why This cause Matters

**RUN
FOR
RANGERS**

With funding for conservation being ***drastically cut*** across the continent, many of these rangers are ***working weeks alone*** in the bush on ***low-income salaries***. With ***minimal and, sometimes, inadequate equipment*** that is required to perform their duties.

- ***174 Rangers were killed worldwide in the line of duty in 2024.***
- ***More than 80% have faced life-threatening situations.***
- ***1 in 7 rangers are seriously injured and 50% have no life insurance.***
- ***Rangers protect 15% of land services and 7% of all seas (450M km combined)***
- ***Last year's funds raised from the event supported dehorning several rhinos and the much-needed running costs of Project Rhino's Zapwing aerial patrol and K9 dog unit who are main support systems for all member reserve anti-poaching teams / rangers on the ground. See stats in the following pages***

How This cause creates change

PROJECT RHINO

K9-UNIT

36 Month's Impact

Removed **3,374** snares on patrol

Recovered six poached rhino horns
from four vehicles; +/- 6kgs narcotics,
2x truck loads of counterfeit goods
worth

R15million

Responded to **269**
Emergency Call-Outs

Criminals Apprehended
Recovered stolen goods
Illegal Immigrants Apprehended
Hi-jacked vehicles located
Armed robberies / burglaries

1463.5 hours
flown Patrolling
Rhino Habitats

16 Poached rhino located
2 wounded rhinos
successfully found & treated
4 calves successfully moved
to rhino orphanage

ZULULAND ANTI- POACHING WING AERIAL PATROLS

Instrumental in finding rhinos
during **dehorning** and
collaring projects reducing
the helicopter time required
